## HALOXEN PARS

May 2009

### *5,000 Hour* HaloXen® *PAR Lamps*

HaloXen® PAR20, PAR30, PAR30L and PAR38 lamps provide 5,000 hours average rated life, increased color temperature and they save up to 10% in energy costs. These fully dimmable lamps provide a 5 watt reduction compared to their standard Halogen equivalent lamps. The 125 volt design allows for protection from spikes without comprising lumens. HaloXen PAR lamps are instant-on and their elevated color temperature radiates superior light quality for display and retail applications. These mercury free lamps are available in 45, 70 and 85 watts.
